“

I felt very supported and encouraged during my time at TAFE NSW. I want to say thank you to the educators who were all involved in that because it made such a difference to me being motivated to study and to want to push myself to do the best I could do.

TAFE NSW DEGREE PATHWAYS

On successful completion of a TAFE NSW course, the TAFE NSW Degree Pathway programs can provide you with a guaranteed pathway to enter a bachelor's degree, with credit towards the degree. Credit transfer arrangements vary from program to program and are available for TAFE NSW degrees as well as with TAFE NSW university partners.

Advantages of a degree pathway

- It gives you two recognised qualifications (often in the same amount of time it would take to complete a single degree).
- It provides you with practical, career-focused skills to accompany your degree.
- It allows you to begin your studies in a small-class setting, with individual access to teachers and support staff.
- It can lower the total cost of obtaining a degree.

UNIVERSITY PATHWAYS

TAFE NSW is an Education Business Partner of leading Australian universities. On successful completion of the TAFE NSW course, agreements with these universities guarantees your entry.

As a general guide, for diplomas and bachelor degrees, Year 12 or equivalent is required. Please also note:

- All TAFE NSW degree courses require Year 12 or equivalent. Additional requirements apply for most degree courses.
- To enter an advanced diploma or diploma course, you may need to complete a Certificate III or Certificate IV course, or demonstrate an equivalent skill level. If a prerequisite applies, you will receive an offer letter which includes both the lower and higher level course.
- There are additional entry requirements for design, digital media, fashion technology, fine arts and music courses. For these courses, you are required to submit a portfolio, design or written task along with your application.

See the website for detailed information about entry requirements: tafensw.edu.au/international
